## TESTIMONIALS

When I first visited NCM, I was under-confident and shy girl, confused about choosing the right college, to develop a good personality. One of NCM's friendly faculty members counseled and assured me that I would graduate as a confident personality if I choose NCM. The advice proved true.

Looking back, I have seen myself grow with the help of the excellent faculties and the opportunities provided to me. I became the topper of my batch. Besides, I turned out to be a confident person. NCM not only provided me with the resources to become excellent in my studies but also motivated me to continue it by providing merit-based scholarships and awards.

I am thankful to NCM for the amazing journey and for the confident person that I have become today.

# STUDENT'S VOICE

After my high school, I was in a dilemma about my college. I came to know about Nepal College of Management through a friend of mine. When joining, I realized that there was something different about NCM's environment: welcoming environment, good faculties, kind friends, and secure surroundings.

In my first semester, I participated in Miss Fresher's competition. After a weeklong training session for the competition, the final day was there. It was the time to announce the winner and I was a little nervous at this point. It was a proud moment for me when my name was announced.

The event made me realize that doing something out of your comfort zone will definitely lead to personal growth. The event helped me to boost up my confidence level and made me even stronger. Rolling in at NCM was one the best decisions I have made in my life and I am proud as well as happy to be a part of the NCM family.

"Success does not come knocking at your doorstep. You have to be dedicated enough to tackle every obstacle, face every consequence and be inspired daily which in my case have been able to achieve via Nepal College of Management throughout and after my time spent there. Currently working as an intern at Ramada Encore by Wyndham in Food Production department, I've been able to polish my skills, enhance my knowledge and experience new things everyday, which has been a pleasant and fruitful journey so far. All thanks to NCM for the support, encouragement, proper counselling and guidance to make me the person who I am today."

At first I was wary of choosing NCM's hospitality course,a practical course in this pandemic but now that I'm studying this course here at ncm.I feel like I have taken the right decision and made a lot of positive changes after joining this course.

In this pandemic I have learned that NCM's top priority is their students because they didn't hesitate to change Physical classes to online in a short amount of time.I appreciate and thank our faculty members for their hardwork and dedication towards their students.
