# NCM AND STUDENTS INVOLVEMENT IN SOCIAL ACTIVITIES

The former students of NCM and the active members of Chautari Inc. Mr. Darpan Niroula (BBA, Batch 2012), Mr. Manish Sitaula (BBA, Batch 2012) and Apar Deep Shrestha (BHTM, Batch 2013), had put forward one of the most genuine social movements ever held in Nepal, entitled “Celebrating Wrinkles!”. NCM wholeheartedly supported the noble social movement by totally funding the campaign.

“Divine Service Home”, an old age home located in Golphutar, looks after the old and helpless people who are abandoned willingly or unwillingly by their family. The campaign was an attempt to ignite the values and feelings of love, responsibility, care, warmth and attention towards the old people, which these days, have been quite forgotten by most of the people. Celebrating Wrinkles uses music and short drama as an effective medium to reach to the youths of all backgrounds. “Celebrating Wrinkles”, apart from being a mere social campaign, is a transforming social movement.

NCM, being a trust, is always ready to offer its support to help students organize these kind of genuine campaigns. Moreover, it motivates and coordinates with its students’ every effort in bringing a change in the society.

# STUDENT PROFILE

I still remember every moment of the first day I started my relationship with NCM, our orientation day at Gokarna Forest Resort. It was a great time for newbies like us to get to know each other. From that day till now, there's never been a day that I feel like I made the right choice.

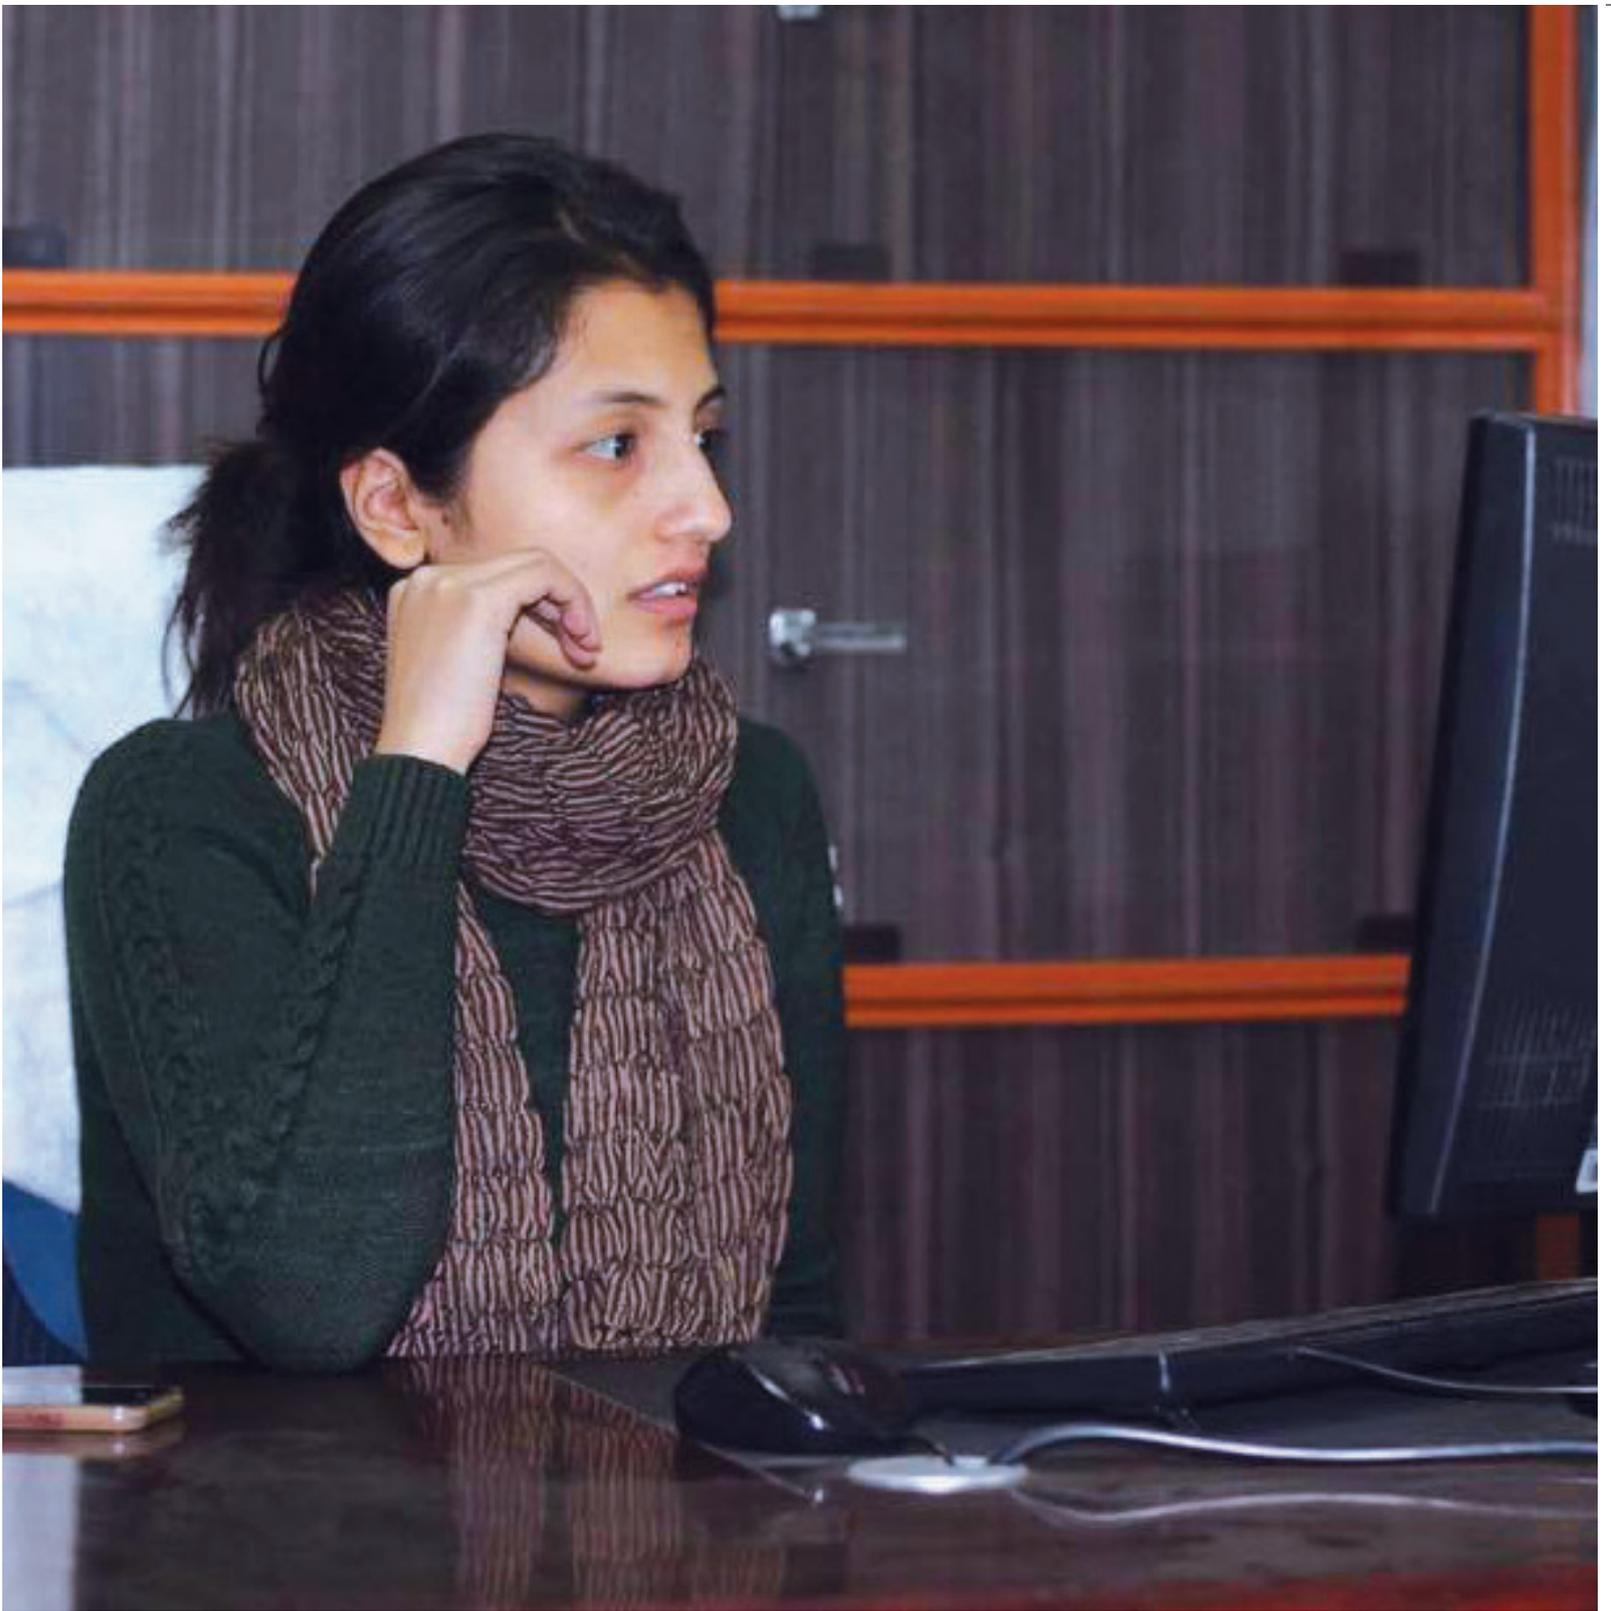

With friendly and supportive teachers, I feel like home here. We all know that we need time to adjust in new environment but not in NCM.

Apart from learning, there are many things to do and gain at NCM from refreshing tours at Ghandruk, industrial tour to renowned company like CG and Goldstar Shoes where we got the opportunity to get in touch with the real business world to dramas and entertainment.

Lastly, I would like to say that NCM provides a platform where you get to prove yourself and learn practically. I hope you enjoy your days as much I did during my First Year.

Welcome to NCM.

Balancing work and studies are difficult yet possible. Aligning yourself with theory knowledge and implying it practically are two different things. Having a basic work exposure is important. As my interested field is HR and I find the job quiet challenging. Managing people are way difficult than managing technology but the right guidance will always help you achieve your goals. Working after college as a part timer makes you learn how to manage your time and balance between work and studies.

Great experience with friends and teachers along with the value of knowledge are few of the things I will be taking from NCM. Very supportive and approachable faculty members who treat us as their family.

## TESTIMONIAL

When I reflect on my four years in Nepal College of Management (2007-2011 A.D.), I conclude that the experience in NCM not only made me a better management student, but also prepared me in rigorous ways for my career. I heartily thank the NCM management team for their incredible support, for engendering a learning ambience and for making me exposed to lots of expedient issues. I virtually appreciate the teaching pedagogy, outstanding team of faculty and relentless learning environment of NCM. My four years experience in NCM prepared me rigorously to pursue my MBA in Hyderabad in scholarship and provided a platform for career advancement. I have received the greatest benefit of anything I can imagine from my student life in NCM. I truly express my thanks for the whole NCM management team for instilling profound knowledge and expertise that I found invaluable in cracking the Public Service Examination and holding the position of Tax Officer of Government of Nepal.
